

VIJAY ASHLEY RODRIGUES

Senior Data Engineer

+919353579475 @ rodriquesvijay92@gmail.com <https://www.linkedin.com/in/vijayrodrigues>
<https://www.vijayrodrigues.com> Bangalore, Karnataka

SUMMARY

Senior Data Engineer with **6+ years** of experience building scalable data solutions for insurance clients across APAC, ANZ, and North America. Skilled in **Apache Spark, Databricks, Snowflake, SQL**, and **Python**. Proven track record in modernizing ETL workflows and delivering insights through agile, high-performance pipelines.

EXPERIENCE

Senior Data Engineer - II

- Chubb** 05/2025 - Present Bangalore, India
- Migrated and refactored **30+ legacy SQL models** into modular and reusable **DBT models** for the B360 data platform, improving maintainability and scalability.
 - Contributed to the **migration of 50+ Delta tables to Unity Catalog**, validating data accuracy and schema alignment to ensure seamless execution of over 5 production pipelines.
 - Converted **10+ legacy Python scripts to PySpark on Databricks**, reducing processing time by **50%** and improving scalability.

Senior Data Engineer - I

- 12/2021 - 05/2025 Bangalore, India
- Architected and optimized scalable ETL pipelines in **Databricks** using **Spark, Delta, and Parquet**, improving processing speed by **30%** and reducing storage costs by **10%**.
 - Migrated legacy **SSIS** packages and **SQL Server** workflows to **Apache Spark**, reducing load time by **25%** and cutting reliance on licensed platforms.
 - Streamlined mapping file uploads to **Databricks DBFS** using **Python** and **Databricks CLI**, reducing manual effort by **25%**.
 - Developed a **Python-based reconciliation framework**, saving **4+ hours** per task and increasing data validation accuracy by **90%**.
 - Engineered data models and transformation logic for **Azure SQL** in the Risk Engineering domain, improving report accuracy and reducing turnaround time by **35%** for 10+ stakeholders.
 - Led biweekly warehouse loads of **2+ billion records** using **SSIS**, improving **SQL** performance by **15%** for ANZ actuaries.
 - Transformed premium transactions using **Spark** and **multithreading**, processing **15+ years** of data and reducing extraction time by **60%**.
 - Converted **10+ Qlikview** reports to **SQL Server**, streamlining actuarial workflows for the **P&C team** and improving report generation speed by **40%**.

Data Engineer

Proziod Analytics Pvt Ltd

- 08/2020 - 12/2021 Bangalore, India
- Developed **Python automation** to streamline the preparation of **RFPs (Request for Proposals)**, resulting in a significant reduction of **3 hours** in manual work increasing **efficiency by 25%**.
 - Designed and optimized a streamlined process change workflow and process improvements, resulting in a positive turnaround time and **saving approximately 2 hours** compared to previous methods.
 - Served as a **key intermediary** between Account Managers and Retailers, facilitating communication and **gathering essential business requirements** for the tender process, managing **2 key accounts**.
 - Automated data quality checks**, leading to a **25% reduction in data-related errors** and enhancing the reliability of reports for stakeholders.

KEY ACHIEVEMENTS

- Data Reconciliation Framework**
Built a **reconciliation framework** using **Python** and **PySpark**, improving **data accuracy by 40%** and **report generation efficiency by 90%** across Actuarial, Oracle, and AIP systems.
- On-Prem ETL Modernization**
Migrated **SSIS packages** from on-prem **SQL Server** to **Apache Spark**, reducing **load time by 25%** and enabling faster data access for **ANZ teams**.

SKILLS

Programming & Scripting Languages

Python, R, SQL, JavaScript, HTML, CSS, Bash, YAML, Jinja

Data Engineering & Analytics

Apache Spark, PySpark, Databricks, Snowflake, Data Modeling & Warehousing

Data Integration & Workflow Orchestration

ETL/ELT Pipeline Development, Apache Airflow, dbt (Data Build Tool), Apache Kafka, Azure Data Factory (ADF), SQL Server Integration Services (SSIS)

Database & Data Storage

SQL Server, PostgreSQL, MySQL, SQLite, Oracle, MongoDB, NoSQL, relational databases

File Formats

CSV, JSON, Parquet, Delta, Excel (XLSX), Avro

Performance Tuning & Optimization

Schema Design, Partitioning, Query Optimization

Cloud Platforms & Data Services

Azure Data Factory (ADF), Azure Synapse Analytics, Azure Data Lake Storage (ADLS)

Containerization & Orchestration

Docker, Kubernetes

Automation & Web Frameworks

Flask, FastAPI, Selenium WebDriver, BeautifulSoup, Python Automation Scripts

Version Control & Collaboration

Git, GitHub, GitLab, JIRA, Confluence, Agile / Scrum Methodologies, CI / CD, code review

EXPERIENCE

Technical Recruiter

TEKsystems (Allegis Group)

- 📅 01/2019 - 08/2020 📍 Bangalore, India
- Reviewed and screened profiles for **10+ roles** weekly, submitting high-quality candidates to the Client Manager for a streamlined hiring process.
 - Gathered and translated business requirements** from **4+** hiring managers and clients into actionable talent acquisition strategies.
 - Provided support to Fortune 500 clients across **5 domains** including Banking, Automotive, Retail, E-Commerce, and Healthcare, actively collecting market intelligence on relevant job positions.

CERTIFICATION

Databricks Certified Data Engineer Associate

Databricks ([view certificate](#))

dbt Fundamentals

dbt labs ([view certificate](#))

Astronomer Certification DAG Authoring for Apache Airflow

Astronomer ([view certificate](#))

Astronomer Certification for Apache Airflow Fundamentals

Astronomer ([view certificate](#))

Hands-On Essentials: Data Engineering

Snowflake ([view certificate](#))

COURSES

Generative AI for Data Engineers

IBM ([Coursera](#)).

EDUCATION

Post Graduate Program in Artificial Intelligence and Machine Learning

Texas McCombs School of Business 📅 04/2024 - 05/2025

Master of Business Administration (MBA - Marketing and HR)

SDM College of Business Management

📅 09/2016 - 06/2018 📍 Mangalore, India

Bachelor of Computer Applications (BCA)

St. Aloysius College 📅 03/2013 - 03/2016 📍 Mangalore, India

SKILLS

Machine Learning & Data Science

Scikit-learn, Supervised/Unsupervised ML, Classification, Regression, Pandas, NumPy, Matplotlib, Seaborn,

Visualization & Dashboards

Streamlit

AWARDS

💎

Data Modeling & Profit Studies Excellence - Q3 2022

Took over **SME and ANZ data modeling** independently after a key team exit and **automated 5 Excel-based reports**, ensuring **accuracy in summary reviews** and supporting **profit studies** for **Global Casualty and SME teams**.

💎

Award for Operational Efficiency and Automation – Q1 2021

Closed over **900 open/blank sites in 2 months**, improving operational efficiency, and **automated RFP preparation using Python**, saving **3 hours per task** and streamlining team workflows.

💎

R3 (Retain, Re-hire, Re-engage) Award for Employee Retention & Client Placements

Received the **'R3' award** thrice for **employee retention** and **client placements** across Q1, Q2, and Q4; notably closed a **Senior ATG Developer** role in **13 days**, highlighting **speed and client satisfaction**.
